RapidTyping [2022]

RapidTyping Product Key Typing Tutor is a comprehensive application for typists of all levels, designed to help to improve accuracy and speed. The program can be used with any keyboard layout (US or non-US) and the lessons can be adjusted to different type sizes. The program includes a learning mode that can be adjusted in time units. RapidTyping Typing Tutor is a system based on a sliding-scale of lesson difficulty. (0) Beginner - Slider moves from left to right (1) Intermediate - Slider moves from right to left (2) Expert - Slider moves from right to right Pressing the left mouse button on the slider displays a lesson view with a popup (e.g. the menu) in the lower half of the screen. When the lesson view is displayed, the popup menu changes to match the lesson view and you can scroll through the lesson view with the up/down buttons. RapidTyping Typing Tutor contains a "Basics" menu with lessons that teach you how to use the keyboard with the left and right shift keys ("Shift keys"), numeric pad ("Numeric Pad") and numeric keys ("Digits, Symbols"). The lessons start with a tab-delimited text file that you can open, edit, save and print. RapidTyping Typing Tutor includes a basic text editor that allows you to edit the text on-screen. RapidTyping Typing Tutor supports the Unicode Standard. Since it is based on a sliding-scale of lesson difficulty, you can adjust the settings in the program to the preferences of the user (e.g. a speed increase or decrease, and a larger or smaller cursor). RapidTyping Typing Tutor also includes a text size settings dialog (e.g. for a small type size). RapidTyping Typing Tutor is a system-based application that requires a system that supports Unicode and can run in MS Windows. RapidTyping Typing Tutor has a typical user interface. Most actions (e.g. selecting menus, switching the tabs in the lesson view, etc.) are performed by clicking on the icons in the lower left corner of the program window. RapidTyping Typing Tutor supports up to six languages, 81e310abbf
