22. Triveni Cement Ltd. (TCL) is an Indian company, having its head office at Chennai. For the P.Y. 2024-25, it furnished the following information of certain entities and the transactions undertaken with these companies:

- Drift Inc. is a wholly owned foreign subsidiary in Japan of TCL. It is currently paying royalty of USD 3 million per annum to TCL for supply of know-how. For similar supply of know how to Elite LLC., a wholly owned Government Company in Japan, TCL receives annual royalty of USD 4 million. (1 USD = ₹ 82).
- TCL has borrowed a sum of equivalent of ₹ 220 crores from Swift Inc., Dubai on 1.4.2024. On this date, the assets position of TCL was as under:

	(In ₹ Crores)	
Type of assets	Market value	Book value
Tangible fixed assets	350	270
Intangible assets	30	25
Other assets	40	35

Swift Inc., has charged interest at 8% and TCL has paid interest of ₹ 17.6 crores for the year ended 31.3.2025. Though the normal lending rate of Swift Inc. was 7% per annum to other parties, in view of the urgent requirement of funds and pressing financial commitments, TCL decided to borrow this amount then.

- TCL supplies goods to True Words Ltd. (TWL), in Singapore. The paid-up capital of TWL in foreign currency equivalent is ₹ 92 crores. TCL holds shares to the tune of ₹ 22 crores in TWL. The voting power in the company is directly proportional to the number of shares held.

You are required to examine the various transactions entered into by TCL and determine the applicability of transfer pricing provisions for each transaction. Ignore provisions of section 94B, if applicable, in this case.

16. (I) (a) (i) As per *Explanation 4(iii)* to Section 11(1), only 85% of the amount paid to ABC Educational trust (other than for corpus) is considered as an application of income. Accordingly, ₹ 170 lakh will be treated as an application of income for charitable purposes.

(ii) As per *Explanation 2* to Section 11(1), any contribution made by one trust to another trust or institution (even if registered under Section 12AB or Section 10(23C)(iv)/(v)/(vi)/(via)) with a direction that such amount shall form part of corpus is **not** considered as an application of income for charitable purposes.

Therefore, the ₹ 200 lakhs given for corpus will **not** be treated as an application of income for XYZ Charitable Trust.

(b) Where any amount of contribution given to another trust approved under section 12AB or registered under section 10(23C)(iv)/(v)/(vi)/(via) is out of accumulations then such amount would not qualify for application and would be deemed as income by virtue of section 11(3) in both cases. Moreover, such an amount would fall within the definition of specified income u/s 115BBI and would be taxable @30%.

- (II) As per section 11(1)(d), an amount received by a fund/ trust/ institution etc. would not be included in the total income, if such amount is received with a specific direction that it shall form part of the corpus and the said corpus contribution is invested in any of the modes specified under section 11(5).

However, if the same is invested in modes otherwise than specified under section 11(5), then by virtue of section 115BBI the same would be considered as specified income and would be taxable @30%.

18. (i) Section 194A requiring deduction of tax at source on any income by way of interest, other than interest on securities credited or paid to a resident, excludes from its scope, income credited or paid by a firm to its partner. However, section 195 which requires tax deduction at source on payment to non-residents, does not provide for any exclusion in respect of payment of interest by firm to its non-resident partner. Further, since FTS is deemed to accrue or arise in India on account utilisation of services for a project in India and chargeable to tax in the hands of Mr. Vikas, TDS is also required to be deducted on FTS payment. Accordingly, tax has to be deducted under section 195 @30% plus HEC@4% being the rate in force on both interest on capital and FTS (assuming it is not in pursuance of Central Government agreement).

As per section 10(2A), share of profit received by partner from the total income of firm is exempt from tax. Therefore, the share of profit paid to non-resident Indian is not liable for tax deduction at source.

However, section 195(6) provides that the person responsible for paying any sum, whether or not chargeable to tax, to a non-corporate non-resident or to a foreign company shall be required to furnish the information relating to payment of such sum in the form and manner prescribed under Rule 37BB.

- (ii) As per section 239A, where under a DTAA, the tax deductible on any income, other than interest, under section 195 is to be borne by the person by whom the income is payable, and such person

having paid such tax to the credit of the Central Government, claims that no tax was required to be deducted on such income, such person can file an application before the Assessing Officer for refund of such tax within 30 days from the date of payment of such tax.

In this case, Pal & Co. has to file an application before the Assessing Officer for refund of such tax within 30 days from the date of payment of such tax.

The CBDT has, vide Circular No.11/2007 dated 27.9.2011 modified Circular No.7/2007 dated 23.10.2007, which laid down the procedure for refund of tax deducted at source under section 195 of the Income-tax Act, 1961 to the person deducting tax at source from the payment to a non-resident. The said Circular allowed refund to the person making payment under section 195, *inter alia*, when there occurs payment of tax at a higher rate under the Income-tax Act, 1961 while a lower rate is prescribed in the relevant double taxation avoidance treaty entered into by India.

Hence, M/s Pal & Co., India can claim tax refund of excess tax deducted at source under section 195 where tax has been deducted at source at the rate of 30% provided under the Income-tax Act, 1961 while a lower rate i.e., 10% is prescribed under the DTAA with Country 'X', only if Pal & Co. has borne the tax. Otherwise, refund can be claimed by the non-resident, Mr. Vikas.

19. (1) Where purchases are effected through cash invoice of ₹ 3,20,000

(i) In the hands of Mr. Bhuvan

Since Mr. Bhuvan is making cash payment of ₹ 3,20,000 for purchase of raw materials from Mr. Srinivas for his business, disallowance under section 40A(3) would be attracted, since the payment otherwise than by way of account payee cheque or bank draft or use of ECS through a bank account or through other prescribed electronic

modes to a person in a day exceeds ₹ 10,000. Accordingly, ₹ 3,20,000 would not be allowable as deduction while computing his business income.

(ii) In the hands of Mr. Srinivas

Section 269ST prohibits, *inter alia*, receipt of an amount of ₹ 2 lakh or more in aggregate from a person in a day otherwise than by way of account payee cheque or account payee bank draft or use of ECS through a bank account or through other prescribed electronic modes. If any person receives any sum in contravention of the provisions of section 269ST, he shall be liable to pay penalty under section 271DA of a sum equal to the amount of such receipt.

In this case, since Srinivas has received ₹ 3,20,000 by way of cash from Mr. Bhuvan on 27.3.2025, he has violated the provisions of section 269ST, and hence, is liable to pay penalty of ₹ 3,20,000 under section 271DA.

(2) Where cash purchases of ₹ 1,80,000 and ₹ 1,40,000 are effected in respect of different raw materials on two different dates

(i) In the hands of Mr. Bhuvan

Even if cash payment of ₹ 1,80,000 and ₹ 1,40,000 are made by Mr. Bhuvan on two different dates for different raw materials, disallowance under section 40A(3) would be attracted, since the payment in cash in a day to Mr. Srinivas exceeds ₹ 10,000.

(ii) In the hands of Mr. Srinivas

If Srinivas receives cash of ₹ 1,80,000 and ₹ 1,40,000 on two different dates, for purchase of different raw materials, there would be no violation of section 269ST since receipt on a day is less than ₹ 2 lakh and the receipts are not in respect of the same transaction but for purchase of different raw materials. Hence, provision of section 271DA shall not be attracted.

Note - As per Rule 115, for computing income from profession of Mrs. Sudha Sharma, the TT buying rate as on 31.3.2025 has to be considered. Royalty income from Country N and income from concerts in Country M constitute her income from profession, since she is a singer and a composer.

As per Rule 128, for computing foreign tax credit, TT buying rate as on the last day of the month immediately preceding the month in which tax was deducted or paid in that country has to be considered. Foreign Tax Credit has been computed accordingly.

As per Article 12(1), royalty income arising in a Contracting State (Country N, in this case) and paid to a resident of another Contracting State (Mrs. Sudha Sharma, a resident of India, in this case) **may** be taxed in that other State (India, in this case). Credit for such tax paid by Mrs. Sudha Sharma in Source State, i.e., Country N, in this case, would be available for an amount not exceeding that proportion of Indian tax which such income bears to the entire income chargeable to Indian tax.

He is resident since he has stayed in India for the whole year and hence, he satisfies the condition of stay in India for a period of 182 days or more during the P.Y.2024-25. However, he is not ordinarily resident, since he has stayed in India only for a period of 60 days prior to P.Y.2024-25.

Hence, he satisfies the condition of stay in India for a period of 729 days or less in the seven previous years immediately preceding P.Y.2024-25 stipulated under section 6(6) for being treated as a "not ordinarily resident" in India in the P.Y.2024-25.

Also, he has been non-resident in all the ten previous years immediately preceding P.Y.2024-25. Hence, he also satisfies the condition in section 6(6) of being non-resident in 9 out of 10 previous years immediately preceding P.Y.2024-25. In this case, he has satisfied both the conditions even though satisfaction of any one condition would suffice for being treated as "not-ordinarily resident".

In case of a resident but not ordinarily resident, income which is received or is deemed to be received in India or income accrues or arises or is deemed to accrue or arises in India would be taxable in India. However, income which accrues or arises outside India would be included in total income, only if it is derived from a business controlled from or profession set up in India.

Accordingly, total income and tax liability of Mr. Manan, being resident but not ordinarily resident would be computed in the following manner:

22. Any income arising from an international transaction, between two or more "associated enterprises", shall be computed having regard to arm's length price as per the provisions of Chapter X of the Act. Section 92A defines an "associated enterprise" and sub-section (2) of this section speaks of the situations when the two enterprises shall be deemed to be associated enterprises.

Transaction with Drift Inc.

Drift Inc. is a wholly owned subsidiary of TCL and is a non-resident company. Hence, it is an associated enterprise. Royalty falls within the meaning of international transaction, since it is payment for supply of know-how, being an intangible property. Drift Inc. is currently paying a royalty of USD 3 million per annum to TCL for supply of know-how. For similar supply of know how to Elite LLC., a wholly owned Government Company in Japan, TCL receives annual royalty of USD 4 million.

Under CUP Method, ALP has to be taken as USD 4 million. Understatement of royalty is 1 million USD, i.e., 1 M USD x ₹ 82 = ₹ 820 lakhs.

Transaction with Swift Inc.

As per section 92A(2), if one enterprise advances loan to the other enterprise of an amount of 51% or more of the book value of the total assets of such other enterprise, the two enterprises would be deemed to be associated enterprises.

As on the date of borrowing, the amount advanced is ₹ 220 crores out of ₹ 330 crores, which comes to 66.67%. Hence, Swift Inc., is deemed to be an associated enterprise of TCL. Interest payments are also covered by the term "international transaction".

Swift Inc., has charged interest at 8% and TCL has paid interest of ₹ 17.6 crores for the year ended 31.3.2025. Interest rate charged to other parties is 7%. This has to be taken as the ALP rate.

In the light of this, the interest payment should have been $17.6 \times 7/8$ i.e., ₹ 15.4 crores. There has been an excess payment of ₹ 2.2 crores above the ALP.

Transaction with TWL

In TWL, TCL holds 22/92 i.e., 23.91% of the voting power. Since TCL holds less than 26% of the voting power, TWL is not an associated enterprise. Hence, the transfer pricing provisions would not be applicable on sales made by TCL to TWL.
